

Minotour[®]

From after-school youth groups to senior center outings, a safe, comfortable mode of transportation is non-negotiable. That's why we equipped the compact Minotour with all the peace-of-mind features that come standard in our larger buses, like the one-piece skirt-to-skirt roof bows and the wrap-around bumper. And while safety comes standard in every Minotour, an impressive list of features can be customized to best serve your passengers. Since 1936, Thomas Built has been building safe buses to meet the needs of passengers, drivers and the community. And with one of the most extensive dealer networks in the industry, there's always support nearby when you need it.
